## ***MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION***

### ***GENERAL INFORMATION***

#### **Requestor Name and Address**

VISTA HOSPITAL OF DALLAS  
4301 VISTA ROAD  
PASADENA, TEXAS 77504

#### **Carrier's Austin Representative Box**

01

#### **Respondent Name**

LIBERTY INSURANCE CORP

#### **MFDR Date Received**

August 16, 2006

#### **MFDR Tracking Number**

M4-06-7710-02

### ***REQUESTOR'S POSITION SUMMARY***

**Requestor's Position Summary Dated August 28, 2006:** "Carrier may reimburse at a 'per diem' rate for the hospital services if the total audited charges for the entire admission are below \$40,000, after the Carrier audits the bill pursuant to the applicable rules. However, if the total audited charges for the entire admission are above \$40,000, the Carrier shall reimburse using the Stop-Loss Methodology in accordance with the plain language of the rule contained in § 134.401(c)(6)(A)(iii). The total audited charges at issue in this matter exceed the Stop Loss Threshold. The rule does not require a Visa to provide that services provided evidence that the service provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached."

**Amount in Dispute:** \$32,977.21

### ***RESPONDENT'S POSITION SUMMARY***

**Respondent's Position Summary Dated September 15, 2006:** "Although the claimant had some common, minimal post-operatively problems, they resolved quickly and did not require extensive services, beyond those normally provided to claimants during a routine post operative stay. He was discharged to home on post operative day #2. No unusually extensive services were provided to the claimant during this hospital admission warranting reimbursement at the Stop Loss Reimbursement Factor."

The Bill was reviewed and there does not appear to be any unusually extensive services or unusually extensive Nursing care provided during this admission, warranting reimbursement at the stop loss rather than the surgical per diem plus carve outs."

#### **Response Submitted by:**

Liberty Mutual Insurance Group

**Respondent's Supplemental Position Summary Dated September 20, 2006:** "Liberty Mutual believes that Vista Hospital of Dallas is due any additional reimbursement for services rendered to [Injured Worker], between the dates of service 2/20/06-2/22/06."

### ***SUMMARY OF FINDINGS***

Disputed Dates	Disputed Services	Amount In Dispute	Amount Due
February 20, 2006 through February 22, 2006	Inpatient Hospital Services	\$32,977.21	\$0.00

### ***FINDINGS AND DECISION***

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

#### **Background**

1. 28 Texas Administrative Code §133.304, 17 *Texas Register* 1105, effective February 20, 1992, amended effective July 15, 2000 sets out the procedures for medical payments and denials.
2. 28 Texas Administrative Code §133.305 and §133.307, 27 *Texas Register* 12282, applicable to requests filed on or after January 1, 2003, sets out the procedures for resolving medical fee disputes.
3. 28 Texas Administrative Code §134.401, 22 *Texas Register* 6264, effective August 1, 1997, sets out the fee guidelines for inpatient services rendered in an acute care hospital.

The services in dispute were reduced/denied by the respondent with the following reason codes:

#### **Explanation of Benefits**

- Z601 W10 – The charge exceeds usual and customary.
- Z695 W1 – The charges for this hospitalization have been reduced based on the fee schedule allowance.
- X598 – Claim has been re-evaluated based on additional documentation submitted; no additional payment due.

Dispute M4-06-7710 was originally decided on October 13, 2008 and subsequently appealed to a contested case hearing at the State Office of Administrative Hearings (SOAH) under case number 454-09-0882.M4. This dispute was then remanded to the Texas Department of Insurance, Division of Workers' Compensation (TDI-DWC) pursuant to a February 16, 2009 SOAH order of remand. As a result of the remand order, the dispute was re-docketed at medical fee dispute resolution and is hereby reviewed

#### **Issues**

1. Did the respondent provide sufficient explanation for denial of the disputed services?
2. Did the audited charges exceed \$40,000.00?
3. Did the admission in dispute involve unusually extensive services?
4. Did the admission in dispute involve unusually costly services?
5. Is the requestor entitled to additional reimbursement?

#### **Findings**

This dispute relates to inpatient surgical services provided in a hospital setting with reimbursement subject to the provisions of division rule at 28 Texas Administrative Code §134.401, titled *Acute Care Inpatient Hospital Fee Guideline*, effective August 1, 1997, 22 Texas Register 6264. The Third Court of Appeals' November 13, 2008 opinion in *Texas Mutual Insurance Company v. Vista Community Medical Center, LLP*, 275 South Western Reporter Third 538, 550 (Texas Appeals – Austin 2008, petition denied) addressed a challenge to the interpretation of 28 Texas Administrative Code §134.401. The Court concluded that "to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved unusually costly and unusually extensive services." Both the requestor and respondent in this case were notified via form letter that the mandate for the decision cited above was issued on January 19, 2011. Each party was given the opportunity to supplement their original MDR submission, position or response as applicable. The documentation filed to the division by the requestor and respondent as noted above is considered. Consistent with the Third Court of Appeals' November 13, 2008

opinion, and 28 Texas Administrative Code §134.401(c)(6), the division will address whether the requestor demonstrated that: audited charges **in this case** exceed \$40,000; the admission and disputed services **in this case** are unusually extensive; and that the admission and disputed services **in this case** are unusually costly.

1. The requestor in its position statement asserts that “The Carrier did not make a legal denial of reimbursement because Vista was not provided with a sufficient explanation or the proper denial reasons to justify the denial of reimbursement of the disputed charges. In addition, the Carrier applied the incorrect reimbursement methodology to Vista’s charges.” 28 Texas Administrative Code §133.304(c), 17 Texas Register 1105, effective February 20, 1992, applicable to dates of service in dispute, states, in pertinent part, that “At the time an insurance carrier makes payment or denies payment on a medical bill, the insurance carrier shall send, in the form and manner prescribed by the Commission, the explanation of benefits to the appropriate parties. The explanation of benefits shall include the correct payment exception codes required by the Commission’s instructions, and shall provide sufficient explanation to allow the sender to understand the reason(s) for the insurance carrier’s action(s). A generic statement that simply states a conclusion such as ‘not sufficiently documented’ or other similar phrases with no further description of the reason for the reduction or denial of payment does not satisfy the requirements of this section.” Review of the submitted documentation finds that the explanation of benefits were issued using the division-approved form TWCC 62 and noted payment exception codes:
  - W10 – The charge exceeds usual and customary.
  - W1 – The charges for this hospitalization have been reduced based on the fee schedule allowance.
  - X598 – Claim has been re-evaluated based on additional documentation submitted; no additional payment due.

These payment exception codes and descriptions support an explanation for the reduction of reimbursement based on former 28 Texas Administrative Code §134.401. These reasons support a reduction of the reimbursement amount from the requested stop-loss exception payment reimbursement methodology to the standard per diem methodology amount and provided sufficient explanation to allow the provider to understand the reason(s) for the insurance carrier’s action(s). The division therefore concludes that the insurance carrier has substantially met the requirements of 28 Texas Administrative Code §133.304(c).

2. 28 Texas Administrative Code §134.401(c)(6)(A)(i) states “...to be eligible for stop-loss payment the total audited charges for a hospital admission must exceed \$40,000, the minimum stop-loss threshold.” Furthermore, (A) (v) of that same section states “...Audited charges are those charges which remain after a bill review by the insurance carrier has been performed...” Review of the explanation of benefits issued by the carrier finds that the carrier did not deduct any charges in accordance with §134.401(c)(6)(A)(v); therefore the audited charges equal \$46,950.95. The division concludes that the total audited charges exceed \$40,000.
3. The requestor in its original position statement asserts that “...if the total audited charges for the entire admission are above \$40,000, the Carrier shall reimburse using the Stop-Loss Methodology in accordance with the plain language of the rule contained in § 134.401(c)(6)(A)(iii). The rule does not require a hospital to prove that services provided during the admission were unusually extensive or unusually costly to trigger the application of the Stop Loss Methodology. It is presumed that the services provided were unusually extensive or unusually costly when the \$40,000 stop-loss threshold is reached.” In its position statement, the requestor presupposes that it is entitled to the stop loss method of payment because the audited charges exceed \$40,000. As noted above, the Third Court of Appeals in its November 13, 2008 rendered judgment to the contrary. The Court concluded that “to be eligible for reimbursement under the Stop-Loss Exception, a hospital must demonstrate that the total audited charges exceed \$40,000 and that an admission involved...unusually extensive services.” The requestor’s position that it was not required to prove that the services in disputes were unusually extensive is not supported. The requestor failed to discuss the particulars of the admission in dispute that may constitute unusually extensive services, therefore, the division finds that the requestor did not meet 28 TAC §134.401(c) (6).
4. In regards to whether the services were unusually costly, the requestor states “...The rule does not require Vista to provide evidence that the services provided during the admission were unusually extensive or unusually costly...” The third Court of Appeals’ November 13, 2008 opinion concluded that in order to be eligible for reimbursement under the stop-loss exception, a hospital must demonstrate that an admission involved unusually costly services thereby affirming 28 Texas Administrative Code §134.401(c)(6) which states that “Stop-loss is an independent reimbursement methodology established to ensure fair and reasonable compensation to the hospital for unusually costly services rendered during treatment to an injured worker.” The requestor’s position that it was not required to prove that the services in disputes were unusually extensive is not supported. The requestor failed to discuss the particulars of the admission in dispute that may constitute unusually costly services, therefore, the division finds that the requestor failed to meet 28 TAC §134.401(c)(6).

5. For the reasons stated above the services in dispute are not eligible for the stop-loss method of reimbursement. Consequently, reimbursement shall be calculated pursuant to 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount* and §134.401(c)(4) titled *Additional Reimbursements*. The division notes that additional reimbursements under §134.401(c)(4) apply only to bills that do not reach the stop-loss threshold described in subsection (c)(6) of this section.
- Review of the submitted documentation finds that the services provided were surgical; therefore the standard per diem amount of \$1,118.00 per day applies. Division rule at 28 Texas Administrative Code §134.401(c)(3)(ii) states, in pertinent part, that “The applicable Workers’ Compensation Standard Per Diem Amount (SPDA) is multiplied by the length of stay (LOS) for admission...” The length of stay was two days. The surgical per diem rate of \$1,118.00 multiplied by the length of stay of two days results in an allowable amount of \$2,236.00.
  - 28 Texas Administrative Code §134.401(c)(4)(C) states “Pharmaceuticals administered during the admission and greater than \$250 charged per dose shall be reimbursed at cost to the hospital plus 10%. Dose is the amount of a drug or other substance to be administered at one time.” A review of the submitted itemized statement finds that the requestor billed two units of Thrombin USP TOP at \$330.05/unit, for a total charge of \$660.10. The requestor did not submit documentation to support what the cost to the hospital was for Thrombin USP TOP. For that reason, reimbursement for these items cannot be recommended.

The division concludes that the total allowable for this admission is \$2,236.00. The respondent issued payment in the amount of \$2,236.00. Based upon the documentation submitted, no additional reimbursement can be recommended.

### **Conclusion**

The submitted documentation does not support the reimbursement amount sought by the requestor. The requestor in this case demonstrated that the audited charges exceed \$40,000, but failed to discuss and demonstrate that the disputed inpatient hospital admission involved unusually extensive, and unusually costly services. Consequently, 28 Texas Administrative Code §134.401(c)(1) titled *Standard Per Diem Amount*, and §134.401(c)(4) titled *Additional Reimbursements* are applied and result in no additional reimbursement.

### ***ORDER***

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.

### ***YOUR RIGHT TO APPEAL***

Either party to this medical fee dispute may appeal this decision by requesting a contested case hearing. A completed **Request for a Medical Contested Case Hearing** (form **DWC045A**) must be received by the DWC Chief Clerk of Proceedings within **twenty** days of your receipt of this decision. A request for hearing should be sent to: Chief Clerk of Proceedings, Texas Department of Insurance, Division of Workers Compensation, P.O. Box 17787, Austin, Texas, 78744. The party seeking review of the MDR decision shall deliver a copy of the request for a hearing to all other parties involved in the dispute at the same time the request is filed with the division. **Please include a copy of the *Medical Fee Dispute Resolution Findings and Decision* together with any other required**

information specified in 28 Texas Administrative Code §148.3(c), including a **certificate of service demonstrating that the request has been sent to the other party**.
